SUMMARY

Results-oriented iOS engineer with 4.5+ years of experience in designing, developing, and maintaining high-quality mobile applications. Proficient in Swift, UIKit, and SwiftUI, with a strong understanding of Apple's design principles and interface guidelines. Demonstrated ability to collaborate with cross-functional teams, and deliver robust, scalable, and user-centric applications.

EDUCATION

Nazarbayev University
Bachelor in Computer Science

Astana, Kazakhstan
Aug. 2017 – May 2022

EXPERIENCE

iOS Engineer

Jun. 2022 – Present

Technodom

Almaty

- Boosted the app rating in the App Store from 4.0 to 4.5 by implementing regular updates, addressing bugs, and enhancing user experience.
- Redesigned the Product Detail Page (PDP), achieving a 5% increase in the add-to-cart conversion rate.
- Increased app stability by raising the crash-free rate from 95% to 98%, resulting in a smoother user experience and fewer customer support requests.
- Optimized the Services page with an improved UX, doubling the sales of services.
- Integrated Tuist into the project, streamlining the development workflow and significantly reducing build times.

iOS Developer

Apr. 2021 – Jun. 2022

Bank CenterCredit

Almaty

- Utilized Kotlin Mobile Multiplatform (KMM) to share code between iOS and Android projects, reducing development time and ensuring consistency across platforms.
- Used SwiftUI and Combine to build modern, reactive user interfaces.
- Implemented performance optimizations, reducing app load time by 10%.
- Developed and implemented a currency converter feature, leading to an 8% increase in page visits and user interaction.
- Conducted unit testing using XCTest, achieving a 16% reduction in bugs reported post-release.

iOS Developer

Dec. 2020 – Apr. 2021

Chocofamily

Almaty

- Engaged in Agile development practices, participating in daily stand-ups and sprint planning.
- Participated in code reviews and contributed to the improvement of code quality and performance.
- Collaborated with senior developers and cross-functional teams to implement Order History.
- Developed complex UI designs using Figma, which were then implemented using UITableView, UICollectionView, and Custom UIViews to create dynamic and visually appealing user interfaces.

TECHNICAL SKILLS

Languages: Swift, C/C++

Technologies and frameworks: UIKit, SwiftUI, SnapKit, Combine, KMM, CoreData, Tuist, Async/Await, RxSwift, Firebase, SOLID, KingFisher, Factory, Alamofire, URLSession, CoreLocation, REST API, UserDefaults, TestFlight.

Software Architecture: MVC, MVVM, MVP, VIPER

ACADEMIC ACHIEVEMENTS

Top 6 out of 71 on International Asian-Pacific Mathematics Competition. **Bronze Medal**

Top 12 out of 86 on International Silk Road Mathematics Competition. **Bronze Medal**

Top 6 out of 48 on National Mathematics Olympiad. **Bronze Medal**

Top 1 out of 25 on Regional Olympiad in Mathematics. **Gold Medal**

Total band - 6.0 IELTS examination. English level B2
